Summary of reasons for decision:

The computer moving image file promotes and supports the exploitation of children for sexual purposes. It depicts the sexual abuse of child by an adult. Its most likely purpose is the arousal of people with a sexual interest in children. Publications such as this encourage viewers to see young girls as sexually desirable and available for adult sexual gratification. The effect is to strengthen this sexual interest and encourage the sexual exploitation of children.

The classification of this publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
